Gliding

Reach the paradise of the birds by letting yourself be silently rocked by the winds! Unique magic for this fantastic flight to the clouds. You will fly over the forest mass of Saint-Hubert by gliding according to the whims of the wind. An exceptional escape, another world too little-known, but from where each person returns so filled with wonder! Confidence with your experienced pilot, which will also introduce you to flying techniques. A new vocation? In any case it is another fantastic source of new sensations! Not to be missed!

Guide: Two-seater glider with pilot.
